

Quick Start Guide

This quick start guide contains important information on the safe operation of the product. Read and follow the safety advices and instructions given. Retain the quick start guide for future reference. If you pass the product on to others please include this quick start guide.

Safety instructions

Intended use

This product is intended to be used as a pick-up for acoustic string instruments. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Danger for children

Ensure that plastic bags, packaging, etc. are disposed of properly and are not within reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts from the product. They could swallow the pieces and choke! The adhesive must not be swallowed. Keep away from children. If swallowed, seek medical attention immediately!

Where to use the product

Never use the product

- in direct sunlight
- in conditions of extreme temperature or humidity
- in extremely dusty or dirty areas
- at locations where the unit can become wet
- near magnetic fields

General handling

- To prevent damage, never use force when using the pick-up.
- Never immerse the appliance in water. Just wipe it with a clean dry cloth. Do not use liquid cleaners such as benzene, thinners or flammable cleaning agents.
- Not suitable for use on guitars with nitro lacquer or shellac. With long-term mounting on instruments with polyester coating, the lack of light exposure on the mounting spot can cause discolouration on the instrument.

Keep foreign substances from the unit!

Keep the device away from containers with liquids. Should any liquid get into the unit, this could lead to its destruction. Be sure not to let any metal objects into the unit.

Features

- Housing made of maple
- Advanced shielding
- Easy handling and installation
- Balanced timbre
- High sensitivity
- Re-usable adhesive included

Installation

1. Clean the instrument surface where you want to put the pick-up.
2. Try different positions for pick-up location. Here are some suggestions:

3. Connect the pick-up cable to a suitable amplifier.

4. You can use the pick-up with the following instruments:

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.
