# **Registration Guide**

To register your Synthogy products, will need to go to the Synthogy website at <u>www.synthogy.com</u>.

Once you are on their website, you will need to go to the Registration tab and click the 'go to lvory II registration' link.

#### registration

On this screen you will be asked for your Synthogy product serial number, which will be located in your Synthogy booklet. Next you will need to enter your name and email address along with your iLok.com Account User ID.

If you do not have an iLok account please see our knowledge base article on registering and using an iLok key, <u>linked here</u>.

Once you have entered in your details and have filled out their short questionnaire, you will be redirected to the <u>iLok website</u> where your new license will now be available.

For information on how to transfer the license onto your iLok key, please see our knowledge base article, <u>linked here</u>.

Now that you have transferred the license onto your iLok key, you should be able to launch your Ivory Standalone application, or the Ivory plug-in inside of your chosen host application. Once Ivory II has loaded you can select your American Concert D in the Piano Keyset selector.
