

## SILVER GLOVES

### DESIGNATION

For silver and silver-plated items ...  
long-lasting lustre

### PROPERTIES

Specially treated **silversmith's gloves** that clean, polish and protect silver from tarnish.

### INSTRUCTIONS FOR USE

- Slip on the gloves at the first sign of tarnish.
- Dust silver while rubbing lightly but thoroughly.
- The tarnish barrier is replenished, giving silver a longer-lasting gleam.

### INGREDIENTS

100% scratch-free/high quality cotton solvents, polishing substances, cleaning compounds

### ADVANTAGES

- **Cleans, polishes and protects** silver from tarnish.
- Gloves permit a firm hold.
- Simple **dusting** with silver gloves **renews anti-tarnish protection**.
- Brings back the shine to silver while you are dusting.
- Silver gleams in that professional silversmith's way.
- Hands stay dry and clean.
