

## D112C

### DYNAMIC HAND MICROPHONE FOR HARP

#### Description

The D112 is a new Hi-Z blues harmonica microphone with unique curves to fit the hands when playing. Light structure and considerate designing. For the musicians of harmonica, it can produce the sound of harp of classic blues. Its tailored frequency and unique shape for handling make it an ideal candidate for the hand-held use of harmonica performance.

It has a level knob for the player to adjust the sound to a suitable level. Permanently attached cable with 1/4" output connector can directly plug into the guitar amplifier or other high impedance devices.

#### Features

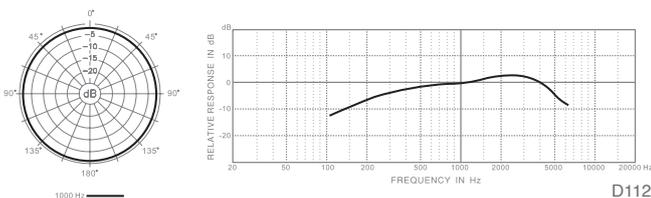

- Hi-Z matched with harmonica can directly plug into the guitar amplifier.
- Warm and full sound.
- Body curves fit the hands when playing.
- 1/4" mm TS output connector.
- Permanent 6 mm × 6 m attached shield cable.
- Level knob for player to adjust suitable sound level, centre detent included.

#### Specifications

Type	Dynamic
Polar Pattern	Omni
Frequency Response	100 – 6,000 Hz
Sensitivity	-50 dBV/Pa (3.2 mV)
Output Impedance	10,000 Ω
Min. Load Impedance	100,000 Ω
Max. SPL	140 dB
Finish	Titanium blue
Connector	6.3 mm (1/4"), 6 m cable
Dimensions	Ø63 × 80 mm (Ø2.48" × 3.15")
Net Weight	650 g (22.93 oz.)

D112C Frequency Response (Omni)

This information sheet contains important information for the safe use of the product. Read and follow the safety and handling instructions given here. Please keep this information sheet for future reference. If you pass on the product described overleaf, please enclose this information sheet.

## Safety instructions

### Intended use

This device converts acoustic signals in electrical signals. Any other use or use under the conditions excluded here is considered improper and can lead to personal injury or property damage. Neither the manufacturer nor the distributor is liable for damage resulting from improper use.

### Choking hazard for children

Make sure that plastic sleeves, packaging, etc. cannot get into the reach of babies and small children. Do not allow children to use electrical devices unsupervised. They could loosen parts of the product, then swallow them and choke on them!

### Place of operation

The device must not be used

- ▶ at particularly high temperatures or humidity
- ▶ in particularly dusty or polluted places
- ▶ in places where it can be exposed to moisture

### General handling

To prevent damage, never use force when handling the product. Never immerse the product in liquids. Just wipe it with a clean, dry cloth. Never use liquid cleaners such as benzene, thinner, or flammable detergents to clean the product.

## Disposal

### Old devices

Devices with this label are subject to the current EU directive on waste electrical and electronic equipment (WEEE directive) and may not be disposed of with household waste, but only via a suitable disposal company. Ask your local authority or your specialist dealer about your options for proper disposal.

### Packagings

Environmentally friendly materials have been selected for the packaging and are to be recycled. Do not just throw away plastic sleeves, packaging, etc., but recycle them. If necessary, note the instructions and labels on the packaging.
