

MC-125 PROFESSIONAL MICROPHONE STAND**ITEM #16124**

The most stable and adjustable studio boom microphone stand available.

FEATURES

Extremely Stable Base - larger diameter base, with locking, in-line skate-style wheels provides low center of gravity and extra stability.

Height Adjustable - smoothly raise or lower height with comfortable and reliable clutch; height adjustable from 51.5" - 82.75".

Adjustable Boom - long boom telescopes from 35" - 61"; features a friction-free clutch and arm extension. Also includes a unique, easy-adjust 5.75 lb. counterweight.

Mobile and Portable - in-line skate-style wheels travel smoothly and quietly. Threaded shaft & boom sections provide quick set-up and tear-down for easy transport and storage.

Limited Lifetime Warranty - constructed of high quality materials, backed by our award-winning customer support.

APPLICATIONS

Stand professional studio microphones or large format miking situations.

ADDITIONAL INFORMATION

Protect your expensive studio microphones with the MC-125. The heavy, cast base, and counterweighted boom are reliably supported by innovative casters. Casters feature 3 ° of freedom: rotation, travel, and locking brake.
