

PRA628MKII

DYNAMIC INSTRUMENT MICROPHONE

Description

The PRA628MKII is an optimized model of the PRA628. With extended frequency response, deeper to the lower bottom range, higher SPL capacity, supercardioid directivity, high gain before feedback, and flat pop screen design, it is suitable for guitar, bass amplifier pick up or instrument reinforcement.

Features

- High dynamic range and extended frequency response.
- High SPL up to 150 dB.
- Flat pop screen design, closer to the sound source.
- Tailored frequency response to reproduce the instrument natural sound.
- Sturdy metal body.

Specifications

Type	Dynamic
Polar Pattern	Supercardioid
Frequency Response	80 – 18,000 Hz
Sensitivity	-55 dBV / Pa (1.8 mV)
Output Impedance	200 Ω
Max. SPL	150 dB
Finish	Black
Connector	XLR3M
Dimensions	Ø60 × 127 × 36 mm (Ø2.36" × 5" × 1.42")
Net Weight	168 g (5.9 oz.)

Included

PRA628MKII Frequency Response (Supercardioid)

This information sheet contains important information for the safe use of the product. Read and follow the safety and handling instructions given here. Please keep this information sheet for future reference. If you pass on the product described overleaf, please enclose this information sheet.

Safety instructions

Intended use

This device converts acoustic signals in electrical signals. Any other use or use under the conditions excluded here is considered improper and can lead to personal injury or property damage. Neither the manufacturer nor the distributor is liable for damage resulting from improper use.

Choking hazard for children

Make sure that plastic sleeves, packaging, etc. cannot get into the reach of babies and small children. Do not allow children to use electrical devices unsupervised. They could loosen parts of the product, then swallow them and choke on them!

Place of operation

The device must not be used

- ▶ at particularly high temperatures or humidity
- ▶ in particularly dusty or polluted places
- ▶ in places where it can be exposed to moisture

General handling

To prevent damage, never use force when handling the product. Never immerse the product in liquids. Just wipe it with a clean, dry cloth. Never use liquid cleaners such as benzene, thinner, or flammable detergents to clean the product.

Disposal

Old devices

Devices with this label are subject to the current EU directive on waste electrical and electronic equipment (WEEE directive) and may not be disposed of with household waste, but only via a suitable disposal company. Ask your local authority or your specialist dealer about your options for proper disposal.

Packagings

Environmentally friendly materials have been selected for the packaging and are to be recycled. Do not just throw away plastic sleeves, packaging, etc., but recycle them. If necessary, note the instructions and labels on the packaging.
