The G5442BDC Electromatic Hollow Body Short-Scale Bass is a stylishly seismic new Gretsch bass guitar with a comfortably short scale (30 1/4") and armed with two powerful new "Black Top" Filter'Tron™ bass pickups that endow it with an electrifying deep-end voice and identity.

Its double-cutaway hollow and bound body resonates with full bass tone and balance, and features sound-post bracing and elegant bound f holes. Other features include a maple neck, bound rosewood fingerboard with 22 medium jumbo frets and hump-block pearloid inlays, three-position pickup switch, classic "G" arrow control knobs, rosewood-based four-saddle Adjusto-Matic™ bridge and "G"-cutout tailpiece. Available in Black and Red.
