

MODEL: T44-L TWEETER

SPECIFICATIONS

Throat diameter      mm/in    25.4/1

Nominal impedance      Ohm      8

Power handling AES noise    W(AES)    45

Max power              Watts    90

Sensitivity(1W/1m)      dB      107

Frequency response      Hz      1.2K-18K

Voice coil diameter      mm/in    44.4/1.75

Re                      Ohm      6.4

Flux density              T        1.5

Diaphragm                      Polyester

Voice coil                      CCAW

Voice coil former              Kapton

Overall diameter      mm      115

Boit circle diamete      1 3/8"-18N screw
