

E205UMKII

USB CONDENSER MICROPHONE

Description

E205UMKII is the upgraded version of USB condenser microphone E205U, which is specialized in delivering high resolution audio and flat and wide frequency response. E205UMKII can be operated with Windows and Mac OS systems. It is very suitable for Podcasting and personal recording.

The equipped headphone socket and the headphone volume gain control make real-time monitoring easier and better!

Features

- Delivering the high resolution audio with up to 24 bit / 96 kHz sampling rate
- Smooth and flat frequency response perfect for podcasting and home studio recording
- Compatible with Windows and Mac OS system
- Equipped with headphone output jack and gain control for easy and perfect real-time monitoring

USE ON THE TABLE
E205UMKII can be put on the table for recording.

USE ON THE STAND
By using the microphone stand, the E205UMKII can be mounted for recording.

Included

Compatible with Mac and Windows operating systems, no need for extra software.

Specifications

Type	Back Electret Condenser
Polar Pattern	Supercardioid
Frequency Response	20 – 20,000 Hz
Sensitivity	-35 dBV / Pa (12.6 mV) (@1,000 Hz)
Max. SPL	> 135 dB
Power Requirements	USB 5V
Resolution	Up to 24 bit / 96 kHz sampling rate
Finish	Black, White, Rose gold
Connectors	USB B-TYPE, 1/8" (3.5 mm) mini jack
Dimensions	Ø54 × 150 mm (Ø2.13" × 5.9")
Net Weight	422 g (14.9 oz)

E205UMKII Frequency Response (Supercardioid)

This information sheet contains important information for the safe use of the product. Read and follow the safety and handling instructions given here. Please keep this information sheet for future reference. If you pass on the product described overleaf, please enclose this information sheet.

Safety instructions

Intended use

This device converts acoustic signals in electrical signals. Any other use or use under the conditions excluded here is considered improper and can lead to personal injury or property damage. Neither the manufacturer nor the distributor is liable for damage resulting from improper use.

Choking hazard for children

Make sure that plastic sleeves, packaging, etc. cannot get into the reach of babies and small children. Do not allow children to use electrical devices unsupervised. They could loosen parts of the product, then swallow them and choke on them!

Place of operation

The device must not be used

- ▶ at particularly high temperatures or humidity
- ▶ in particularly dusty or polluted places
- ▶ in places where it can be exposed to moisture

General handling

To prevent damage, never use force when handling the product. Never immerse the product in liquids. Just wipe it with a clean, dry cloth. Never use liquid cleaners such as benzene, thinner, or flammable detergents to clean the product.

Disposal

Old devices

Devices with this label are subject to the current EU directive on waste electrical and electronic equipment (WEEE directive) and may not be disposed of with household waste, but only via a suitable disposal company. Ask your local authority or your specialist dealer about your options for proper disposal.

Packagings

Environmentally friendly materials have been selected for the packaging and are to be recycled. Do not just throw away plastic sleeves, packaging, etc., but recycle them. If necessary, note the instructions and labels on the packaging.

Compatible with Mac and Windows operating systems, no need for extra software.
