

- Plug & Play input adapter for easy recording of HDMI video signals via USB 3.0
- Ideal for DSLR, camcorders and action cameras
- Input up to 4K60 / UHD
- Output resolution via USB up to 1080p60
- Is detected on the PC as a webcam
- Ideal for streaming video with SLR cameras and other HDMI output devices
- The applied stereo audio signal is output as stereo audio via USB

Technical specifications

Resolutions	Input Output	up to 4K60 / UHD up to 1080p60
Format change		yes
Format		HDMI 1.4
HDCP		HDCP 1.3
Colour depth		12 bit
Audio formats		L - PCM
Audio inputs		no
Audio outputs		no
Input connections		1 × HDMI
Output connections		1 × USB 3
Signal looping		no
Power supply		via USB
Operating voltage		5 V $\overline{=}$
Current draw		0.2 A
Degree of protection		IP20
Dimensions (W × L)		28 × 66 cm
Weight		176 g
Ambient conditions	Temperature range	0 °C...40 °C
	Relative humidity	50 %, non-condensing

This device is used to convert an HDMI signal for output via USB. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts (e.g. knobs or the like) from the product. They could swallow the pieces and choke! Never let children use electrical devices unattended.

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose of your old device with your normal household waste. Dispose of this product through an approved waste disposal firm or through your local waste facility. Comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
