

QUATTRO

Professional 4 channel mixer and controller for Serato Dj

TECHNICAL details

- 4-Channel Digital Mixer for SERATO DJ
- 16 RGB PADS with Hot Cue and Sampler control
- Dual USB audio connections
- 2 Microphone Inputs
- Dedicated 4 high-quality effects for each channel with a single knob

The QUATTRO is a Professional 4-channel mixer for a forthcoming release of SERATO DJ with dual USB audio connection, 16 RGB control pads and effect control section.

The Mixars QUATTRO is a full-feature mixer made to conquer the club scene with superior audio quality completely integrated with the world-renowned software, SERATO DJ.

The QUATTRO achieves the best layout, control, and reliability thanks to its 16 RGB pads, four effects (Filter, Noise, Gate, Crush) for each channel, FX section with 14 additional effects, send/return, and dedicated sampler volume.

The QUATTRO features the best high-quality audio output, ensuring superb sound quality in a club, in a small venue or at home. The dual USB ports lets hook up two laptops for easy changeover.

It simultaneously supports control-signal and playback for four DVS decks in SERATO DJ.
