Keyboard Amp/Monitor

Cover your whole gig with one speaker.

3-way, 1,400-watt PA system delivers studio-quality sound for keyboards

Advanced DSP Keyboard Mode for warm, articulate keyboard sounds

Integrated multi-channel digital mixer

Sweeten inputs with EQ, reverb and mod FX

"What's it like to use one of these as your keyboard amp onstage? Like bringing a nuclear submarine to a fistfight."

—Stephen Fortner, *Keyboard Magazine*, February 2013
