Arturia

Lizenzierung- und Installationanleitung

Nach dem Kauf von Download-Software bei Thomann erhalten Sie von uns per Email einen Freischalt-Code und einen Link zu der Internet-Seite, auf der Sie diesen Code einlösen können. In der Regel ist dies die Homepage des Software-Herstellers und Sie benötigen dort ein eigenes Kundenkonto, damit Ihre Lizenz Ihnen persönlich zugewiesen werden kann.

Auch der Download der Software läuft direkt über den Hersteller.

Beim Kauf von Hardware finden Sie in oder auf der Verpackung eine Seriennummer, zumeist auf einem Kärtchen.

Step 01

Falls Sie noch kein Kundenkonto bei Arturia haben, folgen Sie bitte diesem Link und geben Sie die erforderlichen Daten ein:

Arturia

Licensing and installation instructions

After you buy downloadable software from Thomann, we'll send you an e-mail containing an activation code and a link to the web page where you can redeem this code.

Usually, this is the software manufacturer's homepage, and you'll have to set up your own customer account there, so that a licence can be assigned to you personally.

You'll download your software directly from the manufacturer, too.

When you buy hardware, you'll find a serial number on or in the packaging, usually on a small card.

Step 01

Customer Account

If you do not yet have an Arturia customer account, please follow this link and enter the required information:
