

Assembly instructions

Use four suitable screws to attach the diffuser to a sufficiently stable wall (assembly material not included in scope of delivery).

- Sound diffusion based on the quadratic residue theory sequence
- Made out of high quality furniture-grade plywood, finger-jointed wood
- Easy to assemble and disassemble
- Frame dimensions: 20.5 × 41 × 3 in (520 × 1040 × 76 mm)
- Color: natural birch
- Weight: 26 lb (12 kg)

This module is designed to optimize room acoustics. Use for any other purpose or under any other operating conditions is considered improper use and can lead to personal injury or property damage. No liability is assumed for damage resulting from improper use.

Ensure that plastic wrapping, packaging, etc. is properly disposed of and kept out of reach of infants and young children. Suffocation hazard!

The packaging consists of environmentally safe materials which can be recycled as usual. Ensure that plastic wrapping, packaging, etc. is properly disposed of.

Do not just throw these materials out - make sure they get recycled.

Follow the labels and symbols on the packaging.
