SONNOX

Nach dem Kauf von Download-Software bei Thomann erhalten Sie von uns per Email einen Freischalt-Code und einen Link zu der Internet-Seite, auf der Sie diesen Code einlösen können.

In der Regel ist dies die Homepage des Software-Herstellers und Sie benötigen dort ein eigenes Kundenkonto, damit Ihre Lizenz Ihnen persönlich zugewiesen werden kann.

Der Download der Software läuft direkt über den Hersteller.

Step 01

iLok

Die Software von Sonnox wird durch ein Kopierschutzprogramm namens "iLok" geschützt.

Bitte erstellen Sie sich ein kostenloses Kundenkonto unter:

ilok		Buy	ILok License Manager	iLok	Zero Downtime	Support

Free Account Setup						
NEW USERS ONLY - Please de	o not set up an account if you already ha	ve one

First Name:*						
Last Name:*						
Company:			Optional			
Email Address:*			Accounts require confirm	nation fro	m a valid email addres	s
Re-enter Email:*			Match the email addres	s for confi	imation	

Gleich in dem ersten Eingabefeld werden Sie aufgefordert, sich eine "User ID" auszusuchen.

Dies kann ein frei ausgedachter Name oder auch einfach Ihre Email-Adresse sein. Wichtig ist nur, dass diese ID nicht schon an einen anderen Kunden vergeben wurde. Nachdem Sie sich bei iLok registriert haben, können Sie sich anschließend den kostenlosen iLok License Manager für Ihr Betriebssystem (Windows oder Mac OS X) herunter laden.

https://ilok.com/#!home

Installieren Sie bitte anschließend den License Manager. In diesen können Sie sich mit Ihrer zuvor ausgesuchten "User ID" und Ihrem Passwort anmelden.

Step 02

Freischaltcode

Ihren von uns erhaltenen Freischalt-Code können Sie hier auf der Seite des Herstellers registrieren:

https://www.sonnox.com/register

Lesen und bestätigen Sie bitte zunächst die Geschäftsbedingungen des Hersteller durch einen Klick auf "I agree" unter dem Text.

Auf der folgenden Seite können Sie nun Ihren von uns erhaltenen Freischalt-Code eingeben.

Folgen Sie nun den weiteren Schritten und geben Sie als neuer Lizenzinhaber Ihre Adressdaten ein.

Bevor Sie Ihre neue Software zum ersten Mal verwenden, müssen Sie noch Ihre Lizenz in Ihre iLok Cloud oder, falls vorhanden, optional auch auf den iLok-USB-Stick übertragen.

Öffnen Sie dazu bitte den iLok License Manager und loggen Sie sich mit Ihrer iLok ID ein.

Sie finden nun in der Liste Ihrer Lizenzen einen neuen Eintrag über Ihre zuvor übertragene Lizenz für Ihr Sonnux-Plug-in.

SONNOX

After you buy downloadable software from Thomann, we'll send you an e-mail containing an activation code and a link to the web page where you can redeem this code.

Usually, this is the software manufacturer's homepage, and you'll have to set up your own customer account there, so that a licence can be assigned to you personally.

You'll download your software directly from the manufacturer.

Step 01

iLok

Sonnox software is protected by a copy protection programme called "iLok".

Please create a free iLok customer account here:

https://www.ilok.com/#!registration

ilok		Buy	ILok License Manager	iLok	Zero Downtime	Support

You will be asked to choose a user ID in the first input field.

This can be a freely invented name or simply your e-mail address. The only important thing is that the ID must not be already taken by another user. Once you have registered with iLok, you can download the free iLok License Manager for your operating system (Windows or Mac OS X).

https://ilok.com/#!home

Please then install the License Manager You can then log into it with the "User ID" you have previously chosen and your password.

Step 02

Activation code

You can register the activation code you have received from us here on the manufacturer's website:

https://www.sonnox.com/register

Please first read and agree to the manufacturer's terms and conditions by clicking "I agree" below the text.

On the following page, you can now enter the activation code you have received from us.

Follow the next steps and enter you address data as the new licence holder.

You will then be shown a summary and also receive an e-mail containing all details and the download link.

When you click on "Download", you'll be asked to enter your iLok ID.

It is very important that you do so absolutely correctly. Otherwise, the licence cannot be assigned to your account.

Before you use your software for the first time, you'll have to transfer your licence into your iLok cloud or onto the iLok USB flash drive, if you have it.

https://www.thomann.de/de/pace_ilok_3.htm

To do so, please open the iLok Licence Manager and log in using your iLok ID.

You will now find a new entry in your list of licences relating to the licence for your Sonnox plug-in that you have just transferred.
