1. Safety instructions

FOR SAFE AND EFFICIENT OPERATION

Be careful with heat and extreme temperature. Avoid exposing it to direct rays of the sun or near a heating appliance.

Not put it in a temperature below 41°F /5°C, or exceeding 95°F /35°C.

Keep away from humidity, water and dust

Do not place the set in a location with high humidity or lots of dust.

Containers with water should not be placed on the set.

Keep away from sources of hum and noise

Such as transformer motor, tuner, TV set and amplifier.

To avoid placing on un-stable location

Select a level and stable location to avoid vibration.

Do not use chemicals or volatile liquids for cleaning

Use a clean dry cloth to wipe off the dust, or a wet soft cloth for stubborn dirt.

If out of work, contact sales agency immediately

Any troubles arose, remove the power plug soon, and contact with an engineer for repairing, do not open the cabinet by yourself, it might result a danger of electric shock.

Take care with the power cable

Never pull the power cable to remove the plug from the receptacle, be sure to hold the plug. When not using the player for an extended period of time be sure to disconnect the plug from the receptacle.

2. Description

This is a 63 A three-phase power splitter with 1 CEE 3x 63A/400V input and 4 CEE 3x 32A/400V output. Each output is protected by a 32A multi9 circuit breaker and each phase can be read out by a 4-digit voltmeter and a 4-digit ammeter as well. Furthermore, a residual current circuit breaker is used for protection against electronic shock under fault conditions.

3. Technical data

Housing	sheet steel body and metal front panel
Coating	coated with black epoxy powder paint
Input	3x 63A (3P+N+E) 2m H07RN-F cable 5G10 with CEE-plug 035 63A 5p 6h 400V
Output	3x32 A (3P+N+E) 4 CEE-sockets 125 32A 5p 400V
Read-out	A 4-digit voltmeter & 4-digit ammeter per phase
Safety device	XCOW FIX4/63/30 residual current circuit breaker & 32A C45N multi9 Circuit Breaker per output
Mounting	19" rackmount/3U
Net weight	Approx 9,5 Kg

Warning!

This apparatus must be earthed. Risk of electric shock, disconnect input power before opening. To prevent fire or electric shock, do not expose this apparatus under a high temperature or moisture area.
