

Harley Benton TrueTone T-20

Pick-up for acoustic string instruments

User manual - TrueTone T-20

This manual contains important information on the safe operation of the device. Read and follow the safety advices and instructions given. Retain the manual for future reference. If you pass on the device please include this manual.

Safety instructions

A) Where to use the product

- Never use the product
- in extremely dusty or dirty areas
 - at locations where the unit can become wet
 - near magnetic fields

B) General handling

- To prevent damage, never use force when using the pick-up.
- Never immerse the appliance in water. Just wipe it with a clean dry cloth. Do not use liquid cleaners such as benzene, thinners or flammable cleaning agents.
- Not suitable for use on guitars with nitro lacquer or shellac. With long-term mounting on instruments with polyester coating, the lack of light exposure on the mounting spot can cause discolouration on the instrument.

C) Children

- The adhesive must not be swallowed. Keep away from children. If swallowed, seek medical attention immediately.

D) Keep these instructions!

- After reading this manual, retain it for later use.

E) Keep foreign substances from the unit!

- Keep the device away from containers with liquids. Should any liquid get into the unit, this could lead to its destruction or fire.
- Be sure not to let any metal objects into the unit.

Features

- Housing made of maple
- Advanced shielding
- Easy handling and installation
- Balanced timbre
- High sensitivity
- Re-usable adhesive included

Installation

1. Clean the instrument surface where you want to put the pick-up.
2. Try different positions for pick-up location. Here are some suggestions:

3. Connect the pick-up cable to a suitable amplifier.

4. You can use the pick-up with the following instruments:

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.
