

MS158E BIG FOOT WILLIE PROFESSIONAL MICROPHONE STAND

Description

Why Bigfoot Willie? Well, since Willie is the guy who designed and built this Bigfoot stand, why not name it after him?

This Bigfoot stand is the answer for those people who want to use a large condenser microphone to reach that sweet spot, but find that weight and length of these mics can easily tip over an ordinary stand.

Now, simply unscrewing a few turns on the foot you need to extend will provide the right support, making the Big-foot Willie the perfect way to achieve that desired microphone placement.

Specifications

Net Weight	5.9 kg (13 lbs)

This information sheet contains important information for the safe use of the product. Read and follow the safety and handling instructions given here. Please keep this information sheet for future reference. If you pass on the product described overleaf, please enclose this information sheet.

Safety instructions

Intended use

This device serves as a microphone tripod. Any other use or use under the conditions excluded here is considered improper and can lead to personal injury or property damage. Neither the manufacturer nor the distributor is liable for damage resulting from improper use.

Choking hazard for children

Make sure that plastic sleeves, packaging, etc. cannot get into the reach of babies and small children. Do not allow children to use electrical devices unsupervised. They could loosen parts of the product, then swallow them and choke on them!

Place of operation

The device must not be used

- ▶ at particularly high temperatures or humidity
- ▶ in particularly dusty or polluted places
- ▶ in places where it can be exposed to moisture

General handling

To prevent damage, never use force when handling the product. Never immerse the product in liquids. Just wipe it with a clean, dry cloth. Never use liquid cleaners such as benzene, thinner, or flammable detergents to clean the product.

Disposal

Packagings

Environmentally friendly materials have been selected for the packaging and are to be recycled.

Do not just throw away plastic sleeves, packaging, etc., but recycle them. If necessary, note the instructions and labels on the packaging.
