

Construction

- 1 Oxygen-free copper (OFC)
- 2 PVC
- 3 Cotton
- 4 Oxygen-free copper (OFC)
- 5 PVC

Technical specifications

Conductor area	0.22 mm ² / AWG 24
Composition of conductor	20 strands 0.12 mm Ø Annealed bare copper, 100 % OFC standard
Conductor insulation	Soft and flexible PVC
Conductor colour	Blue, white or red
Composition of core	2 twisted conductors with cotton to make round
Copper winding	84 strands 0.10 mm Ø Annealed bare copper, 100 % OFC standard, Coverage ≥90%
Overall jacket material	flexible PVC
Overall jacket colour, surface characteristic, appearance	black colour, not shiny, not sticky
Overall diameter	6.0 mm
Conductor' max DC Resistance at 20 °C	92.3 Ω/km
Minimum insulating resistance at 70	0.015 Ω/km

Intended use

This device is used to transmit audio frequency signals. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

DANGER FOR CHILDREN

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts from the product. They could swallow the pieces and choke! Never let children use electrical devices unattended.

PROTECT THE ENVIRONMENT

Disposal of the packaging material

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose these materials with your normal household waste, but make sure that they are fed to a recovery. Please follow the notes and markings on the packaging.

Disposal of your old device

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose of your old device with your normal household waste. Dispose of this product through an approved waste disposal firm or through your local waste facility. Comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
