This device is intended to be used as a stand for keyboards. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

 Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts from the product. They could swallow the pieces and choke! Never let children use electrical devices unattended.

 In case of overload, the stand may tip over and cause injuries and property damage. Never exceed the maximum load capacity specified for the stand.

● If placed on soft or uneven ground, the stand may overturn and cause injuries and property damage. Place the stand on flat and solid surfaces only. When assembling the stand, take care of your fingers to avoid risk of crushing.

 For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.
