

1. Designation of the material or of the preparation and of the company name

Product information

Trade name: **Acoustic glue 310 ml**

Relevant identified uses of the substance or mixture and uses advised against:

No further relevant information available.

Use of the substance / preparation:

Sealant

Details of the supplier of the safety data sheet:

Manufacturer / supplier:

Thomann GmbH
Hans-Thomann-Str. 1
96138 Burgebrach
Germany
Tel.: +49 9546 9223-0
Fax: +49 (0)9546 9223-24
Email: info@thomann.de

2. Possible hazards

Classification of the substance or mixture:

In accordance with regulation (EC) No. 1272/2008 [CLP]:

On the basis of GHS criteria, the product is not liable to classification.

In accordance with directive 67/548/EWG or 1999/45/EC, respectively:

Possible hazards:

No particular hazards known.

Labelling elements:

Globally Harmonized System (GHS):

On the basis of GHS criteria, the product is not subject to marking.

In accordance with directive 67/548/EWG or 1999/45/EC, respectively:

EU directive 1999/45/EG ("Preparation directive")

On the basis of EC directives, the product is not subject to marking.

Classification and labelling was carried out on the basis of tests of a preparation with similar composition.

Other hazards:

In accordance with regulation (EG) No. 1272/2008 [CLP] (GHS)

No specific hazards known, if the regulations / notes for storage and handling are considered.

When bonding of the product with the skin by drying, an irritant effect is possible.

3. Composition / information on the ingredients

Chemical characterisation:

Mixture / formulation on basis of a aqueous dispersion of a polymers based on:

Acrylic acid, vinylester, acrylonitrile, styrene

Description:

Mixture of the substances listed below with harmless additions:

Hazardous ingredients:

Not applicable.

Additional notes:

For the wording of the listed hazard warnings refer to section 16.

Safety data sheet according to 453/2010/EC

Trade name: **Acoustic glue 310 ml**
Manufacturer: **Thomann GmbH, Hans-Thomann-Str. 1, 96138 Burgebrach, Germany**

4. First aid measures

Description of first aid measures

General notes: No special measures required.
After inhalation: Supply fresh air; consult doctor in case of complaints.
After skin contact: Generally, the product is not skin irritating.
After contact with eyes: Rinse eyes for several minutes under running water, holding the eyelid open.
Seek medical attention.
After ingestion: Rinse mouth immediately and drink plenty of water, seek medical attention.
Notes for the physician:
Most important symptoms and effects, both acute and delayed
Symptoms: Due to non-classification of the product, no unusual symptoms are to be expected.
Hazards: No hazards to be expected.
Indication of immediate medical attention or special treatment
Treatment: Symptomatic treatment (decontamination, vital functions).

5. Fire-fighting procedures

Extinguishing agent:
Suitable extinguishing agents:
Water spray, extinguishing powder, foam, carbon dioxide.
Special hazards arising from the substance or mixture:
No particular hazards known.
Advice for firefighters:
Special protective equipment:
No data available.
Additional notes:
Dispose of fire debris and contaminated extinguishing water in accordance with official regulations. Product itself is non-combustible; adjust fire extinguishing methods to ambient fire.

6. Accidental release measures

Person-related safety precautions, protective equipment and emergency measures:
Not necessary.
Environmental measures:
Dilute with plenty of water.
Must not get into the sewer system / surface water / ground water.
Methods and materials for retaining and cleaning:
Absorb with liquid binding material (sand, diatomite, acid-binding agent, universal binding agent, sawdust).
Reference to other sections:
No dangerous substances are released.

7. Handling and storage

Handling:
Precautions for safe handling:
No special measures required.
Information on fire and explosion protection:
No special measures required.
Conditions for safe storage, including any incompatibilities
Storage:
Requirements for storage rooms and containers:
No special requirements.

Safety data sheet according to 453/2010/EC

Trade name: **Acoustic glue 310 ml**
Manufacturer: **Thomann GmbH, Hans-Thomann-Str. 1, 96138 Burgebrach, Germany**

Note on combined storage:

Not required.

Further information on storage conditions:

None.

Storage class:**Classification according to Industrial Safety Regulation (BetrSichV):**

-

Specific end uses:

No further relevant information available.

8. Limitation and monitoring of exposure / personal protective equipment

Additional information about design of technical facilities:

No further data, see item 7.

Parameters to be monitored:**Components with workplace-related limit values to be monitored:**

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

Additional notes:

The lists that were valid during the compilation were used as basis.

Limitation and monitoring of exposure:**Personal protective equipment:****General protection and hygienical measures:**

The usual caution measures while handling chemicals have to be observed.

Respiratory protection:

Not necessary.

Hand protection:

The glove material has to be impermeable and resistant to the product / the substance / the preparation.

Due to missing tests no recommendation regarding the glove material can be given for the product / the preparation / the chemical mixture.

Selection of the glove material on consideration of the penetration times, permeation rates and degradation.

Glove material:

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and differ from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be predicted and therefore must be checked prior to the application.

Breakthrough of glove material:

The exact breakthrough time is to be obtained from the glove manufacturer and must be observed.

Eye protection:

Safety glasses with side-shields (frame goggles) (e.g. EN 166).

General protective and hygienic measures

Wash face and / or hands before break and end of work. Avoid contact with skin and eyes.

9. Physical and chemical properties

Information on basic physical and chemical properties:**- General data:****- Appearance:**

Form: pasty
Colour: various
- Smell: characteristic
- pH-value: 7 – 9 @ 20 °C

- Change of state

Melting point / melting range: 0 °C
boiling point / boiling range: 100 °C

- Flashpoint: ≥ 100 °C

Safety data sheet according to 453/2010/EC

Trade name: **Acoustic glue 310 ml**
Manufacturer: **Thomann GmbH, Hans-Thomann-Str. 1, 96138 Burgebrach, Germany**

- Ignition temperature:	420 °C
- Self-inflammability:	The product is not selfigniting.
- Explosion hazard:	The product is not explosive.
- Explosive limits:	
Lower:	Not specified.
Upper:	Not specified.
- Vapour pressure:	Not specified.
- Density:	1.58 g / cm ³ @ 20 °C
- Solubility in / miscibility with water:	Fully miscible
- Solvent content:	
VOC (EU):	0.55 %
VOC (EU):	8.69 g / l
Other information:	No further relevant information available.

10. Stability and reactivity

Reactivity:

No dangerous reactions are known to occur with correct handling and storage.

Chemical stability:

The product is stable if stored and handled as prescribed / indicated.

Thermal decomposition / conditions to be avoided:

No decomposition if used as intended according to specifications.

Possibility of hazardous reactions:

No hazardous reactions known.

Conditions to be avoided:

Avoid extreme temperatures.

Incompatible materials / materials to be avoided:

No materials to be avoided known.

Hazardous decomposition products:

No hazardous decomposition products known.

11. Toxicological information

Information on toxicological effects:

Acute toxicity:

Primary irritant effect:

on the skin:	No irritation effect.
on the eye:	No irritation effect.
Sensitisation:	No sensitising effect known.

Additional toxicological information:

The product is not subject to classification according to the calculation methods of the General Classification Guideline preparation of the EU in the last edition.

When used intentionally and handled properly according to specifications, the product does not have any harmful effects according to our experience and information available.

12. Environmental information

Toxicity:

Aquatic toxicity:

No further relevant information available.

Persistence and degradability:

No further relevant information available.

Safety data sheet according to 453/2010/EC

Trade name: **Acoustic glue 310 ml**
Manufacturer: **Thomann GmbH, Hans-Thomann-Str. 1, 96138 Burgebrach, Germany**

Behaviour in environmental compartments

Bioaccumulation potential:

No further relevant information available.

Mobility in soil:

No further relevant information available.

Additional ecological information:

General information:

Water hazard class 1 (self-assessment): slightly hazardous to water.

Do not allow undiluted product or large quantities of it to reach ground water, waters or sewage system.

Results of PBT and vPvB assessment:

PBT: Not applicable.

vPvB: Not applicable.

Other adverse effects:

No further relevant information available.

13. Information on the disposal

Procedures of waste treatment:

Recommendation:

Disposal according to official regulations.

European waste list	
08 04 10	Waste adhesives and sealants other than those mentioned in 08 04 09.

Uncleaned packaging:

Recommendation:

Disposal according to official regulations.

Recommended cleaning agent:

Water, if required in connection with cleansing agents.

14. Transport Information

UN number:

ADR, ADN, IMDG, IATA: not applicable

UN proper shipping name:

ADR, ADN, IMDG, IATA: not applicable

transport hazard classes:

ADR, ADN, IMDG, IATA

Class:

not applicable

Packaging group:

ADR, IMDG, IATA:

not applicable

Special precautions for user:

Not applicable.

Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code:

Not applicable.

UN "Model regulation":

-

15 Regulations

Safety, health and environmental regulations / legislation specific for the substance or mixture

National regulations:

Classification under Industrial Safety Regulation:

-

Water hazard class: WGK 1 (self-classification): slightly hazardous to water.

Safety data sheet according to 453/2010/EC

Trade name: **Acoustic glue 310 ml**
Manufacturer: **Thomann GmbH, Hans-Thomann-Str. 1, 96138 Burgebrach, Germany**

Safety assessment:

A chemical safety assessment was not carried out.

16. Other information

Department issuing safety data sheet:

Thomann GmbH
Hans-Thomann-Str. 1
96138 Burgebrach
Germany

The above information is based on our current state of knowledge and does not constitute any warranty of properties of the product. Existing laws and regulations are to be followed by recipient of our products at his own responsibility.

This safety data sheet is valid only until the appearing of a new version. It replaces all previous versions.

Abbreviations and acronyms:

ADR	Accord européen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road)
IMDG	International Maritime Code for Dangerous Goods
IATA	International Air Transport Association
GHS	Globally Harmonized System of Classification and Labelling of Chemicals
VOC	Volatile Organic Compounds (USA, EU)
