

MEDIUM Frame – provides the right framework ... at home or in the office

Highlights

- The attractive frame for the cinematic experience at home or for use in the office
- Sleek aluminium frame (width 8 cm) for projections richer in terms of contrast and improved brightness perception
- Easy assembly of the frame (snap-on system)
- Projection surface is fixed on the back on 4 sides with tension poles and hooks
- Guarantees a permanently flat screen surface for excellent consistent reflection

Screen Surface

- Front projection, Type D
- Gain factor approx. 1.2 (DIN 19045)
- Matt white, on PVC basis
- 8 cm Aluminium frame
- Back: white
