

HyperPad Pro Air

Ultimate Support's 5-in-1 iPad Stand with OtterBox Agility Technology gives you everything you need to place your iPad at the perfect angle for performance, & through compatibility with Agility series accessories, lets you effortlessly switch between performance, professional applications, and daily life.

Compatible with iPad Air

**Snaps On
and Off
with Ease**

Pole Clamp

The HyperPad Pro includes a pole clamp that is perfect for attaching your iPad to a microphone stand, or any pole .8" (20mm) to 1.25" (32mm) in diameter.

Table Clamp

The included desktop clamp and gooseneck arm mount to any flat overhanging surface from .5" (12.7mm) to 1.63" (41mm), to provide a flexible, secure mounting option for your iPad.

Mic Stand Mount

The HyperPad Pro can also be mounted to the top of your favorite microphone stand (5/8" thread) using the included gooseneck arm.

iPad Case

HyperPad Pro includes an OtterBox Agility Tablet System case designed for your compatible iPad model. The case can stand on its own or simply snap on the adapter to use it with Ultimate Support and OtterBox Agility Tablet System accessories.

Portrait & Landscape

The Agility Tablet System adapter for mounting allows both landscape or portrait views when using the mic stand mount, pole and table clamps. The attached kickstand also provides landscape and portrait positions.
