

- Connect up to two microphones requiring phantom power for operation to the inputs MIC 1 and MIC 2.
- Select the appropriate voltage, 12 V or 48 V, for the connected microphones with the 'Phantom Voltage' switch.
- Use the enclosed plug-in mains adapter to power the device. Or insert 2 × 9 V batteries into the battery compartment for power supply.
- Connect the device that is to process the microphone signals to the outputs MIC 1 and MIC 2.
- Since the device contains no preamps, no signal amplification takes place.

Technical specifications

Phantom power	12 V \equiv or 48 V \equiv selectable
Inputs	2 × XLR panel socket
Outputs	2 × XLR panel plug
Switch	12 / 48 V
Supply voltage	143 × 93 × 45 mm
Weight	485 g

This device is intended to be used as a stand for acoustic and electric guitars. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts from the product. They could swallow the pieces and choke! Never let children use electrical devices unattended.

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose of your old device with your normal household waste. Dispose of this product through an approved waste disposal firm or through your local waste facility. Comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
