**SUPER-SONIC™ 22 COMBO:**

The Super-Sonic™ concept: professional tube amplifiers for guitarists who crave glorious Fender® clean and overdriven tones and expressive modern high-gain distortion...in one no-nonsense amp. The Super-Sonic 22 delivers this versatility with the organic feel and moderate output power of the legendary Deluxe Reverb® amp, perfect for most stage and studio applications. The VINTAGE channel delivers pure, unmistakable Fender tone, and the awesome BURN channel ignites musical inspiration with overdrive flavors ranging from bluesy to flame-throwing. And while the Super-Sonic 22 is capable of heavily saturated tube distortion and sustain, it never masks the tonal character of YOUR guitar. Offered in classic Black/Silver or iconic 1961 Blonde/Oxblood cosmetic treatment; both versions include ivory "radio" knobs and flowing 1960s script logo.

SUPER-SONIC™ 22 COMBO
