General information

This document contains important information. Read and follow the instructions. Keep the document for future reference. If you pass the product on to others, please include this document. Contents are subject to change. Please refer to the latest version of the documentation, which is ready for download under www.thomann.de.

Intended use

This product serves as a stand for spotlights. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damage resulting from improper use. This device may be used only by persons with sufficient physical, sensory, and intellectual abilities and having corresponding knowledge and experience. Other persons may use this device only if they are supervised or instructed by a person who is responsible for their safety.

Risk of injury and choking hazard for children!

Children can suffocate on packaging material and small parts. Children can injure themselves when handling the product. Never allow children to play with the packaging material and the product. Always store packaging material out of the reach of babies and small children. Always dispose of packaging material properly when it is not in use. Never allow children to use the product without supervision. Keep small parts away from children and make sure that the product does not shed any small parts that children could play with.

Risk of injury due to the stand tipping over on unsuitable ground!

If the stand is set up on soft or uneven ground, the stand may tip over and cause injuries and property damage. Always set up the stand on even and solid ground.

Risk of injury due to the stand tipping over from excessive loading!

In case of excessive loading, the stand can tip over and cause injury and property damage.

Never exceed the specified maximum load for the stand. Risk of injury due to tipping of the stand during loaded transport!

Moving the stand without previously removing the installed devices can cause the stand to tip over and cause injuries and property damage. Always remove the installed devices before transporting the stand.

Possible staining

The plasticiser contained in the rubber feet of this product may react with the coating of the floor and cause permanent dark stains after some time. If in doubt, avoid direct contact between the rubber feet and the floor by using a suitable mat, such as felt slides or similar.

Environmentally friendly materials have been chosen for the packaging. These materials can be sent for normal recycling. Ensure that plastic bags, packaging, etc. are disposed of in the proper manner. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the instructions and markings on the packaging.
