| ✓ <b>Case material:</b> | <b>aerospace-grade 6061-T6 aluminium</b> | ✓ <b>Max. output</b>                  | <b>18 lumens</b>                |
| ✓ <b>Size:</b>          | <b>ø 11.5 × 61 mm</b>                    | ✓ <b>Max. beam distance</b>           | <b>28 m</b>                     |
| ✓ <b>Weight:</b>        | <b>13 g (excluding batteries)</b>        | ✓ <b>Burn time:</b>                   | <b>20 hours</b>                 |
| ✓ <b>Batteries:</b>     | <b>4 x AG5 button</b>                    | ✓ <b>Dust &amp; waterproof grade:</b> | <b>IP43</b>                     |
| ✓ <b>LED Chip:</b>      | <b>high end ø 5 LED</b>                  | ✓ <b>Shockproof</b>                   | <b>from a height of 1 meter</b> |
|                         |  | ✓ <b>Contacts:</b>                    | <b>gold-plated</b>              |

 This device is meant to be used as a torch light within specifications given here. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

 Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts (e.g. knobs or the like) from the product. They could swallow the pieces and choke! Never let children use electrical devices unattended.

 To avoid eye damage caused by high light intensity, never look directly into the light source.

 Leaking batteries can cause permanent damage to the device. Take batteries out of the device if it is not going to be used for a longer period.

 Keep batteries well away from children. Children can put batteries into their mouths and swallow them. If a battery is swallowed medical assistance must be sought immediately.

 Battery acid leaking from a battery can cause inflammation of the skin. In event of contact with the skin, rinse with large amounts of water. If the liquid comes into contact with your eyes, rinse thoroughly with water, do not rub and immediately consult a doctor.

 For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.

 This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose of your old device with your normal household waste. Dispose of this product through an approved waste disposal firm or through your local waste facility. Comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
