

Bass Extension **G Sub 1501**

The G Sub 1501 is a particularly flat high-performance subwoofer. With a base measurement of 60 x 60 cm it can also accommodate larger HiMid systems using speaker poles without toppling over. Due to its height of only 40 cm, it can easily be integrated in existing stage constructions. Easy handling, an exclusive and modern design and its deep bass reproduction make it a perfect choice for demanding applications.

PRODUCT SPECIFICATIONS
