

## E205U USB Condenser Microphone

### Description

The E205U is a high-quality condenser microphone with an advanced A/D and USB interface which gives you digital recording capabilities instantly with no external digital interface or software driver required. It is USB compatible with Mac, Windows, and most DAW software programmes, including GarageBand. The E205U offers premium quality audio recording with ease and mobility, and with its mic stand mount adapter and 9.8 ft. (3-meter) USB cable, the E205U is a valuable kit for any project studio.

### Features

- Smooth, flat frequency response
- Plug in and start recording, no drivers required
- Up to 16 bit / 48 kHz sampling rate
- Powered by USB power, no external power required
- Headphone output and volume control

### Specifications

Type	Back electret
Polar Pattern	Supercardioid
Frequency Response	30 - 18,000 Hz
Sensitivity	-38 dBV/Pa (12.6 mV) (@1,000 Hz Open Circuit Voltage)
Max. SPL	>135 dB
Power Requirement	USB 5 V <sub>DC</sub> , < 30 mA
Resolution	Up to 16 bit/48k Hz sampling rate
Finish	Champagne silver
Connector	USB B-Type, 1/8" (3.5 mm) phone connector
Dimensions	Ø54 × 150 mm (Ø2.13" × 5.9")
Net Weight	422 g (14.9 oz)

### Included

Compatible with Mac and Windows operating systems, no need for extra software.

# EN

This information sheet contains important information for the safe use of the product. Read and follow the safety and handling instructions given here. Please keep this information sheet for future reference. If you pass on the product described overleaf, please enclose this information sheet.

## Safety instructions

### Intended use

This device converts acoustic signals in electrical signals. Any other use or use under the conditions excluded here is considered improper and can lead to personal injury or property damage. Neither the manufacturer nor the distributor is liable for damage resulting from improper use.

### Choking hazard for children

Make sure that plastic sleeves, packaging, etc. cannot get into the reach of babies and small children. Do not allow children to use electrical devices unsupervised. They could loosen parts of the product, then swallow them and choke on them!

### Place of operation

The device must not be used

- ▶ at particularly high temperatures or humidity
- ▶ in particularly dusty or polluted places
- ▶ in places where it can be exposed to moisture

### General handling

To prevent damage, never use force when handling the product. Never immerse the product in liquids. Just wipe it with a clean, dry cloth. Never use liquid cleaners such as benzene, thinner, or flammable detergents to clean the product.

## Disposal

### Old devices

Devices with this label are subject to the current EU directive on waste electrical and electronic equipment (WEEE directive) and may not be disposed of with household waste, but only via a suitable disposal company. Ask your local authority or your specialist dealer about your options for proper disposal.

### Packagings

Environmentally friendly materials have been selected for the packaging and are to be recycled. Do not just throw away plastic sleeves, packaging, etc., but recycle them. If necessary, note the instructions and labels on the packaging.

Compatible with Mac and Windows operating systems, no need for extra software.
