

- ✓ Tourcase suitable for 6 × Stairville BEL6 Battery Event Light
- ✓ With built-in charging electronics
- ✓ Stable roadcase with customized inlay for 6 spotlights
- ✓ Built-in accessory compartment
- ✓ With castors (2 × braked)
- ✓ Supply voltage: 100 – 240 V~ 50/60 Hz
- ✓ Fuse: F5AL250V
- ✓ Power consumption: 190 W
- ✓ Dimensions (L × W × H): 700 × 420 × 420 mm
- ✓ Weight without spotlights: 18 kg

Safety instructions

Intended use

This device is intended to be used to transport and charge 6 × Stairville BEL6 Battery Event Light. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Power supply

Before connecting the device, check whether the voltage information on the device matches your local power supply network and whether the mains socket is protected by a residual current device. Failure to do so can result in equipment damage and user injury.

If there is a thunderstorm or if you do not plan to use the device for a long period of time, disconnect it from the mains to reduce the risk of electric shock or fire.

Fire hazard

Never cover the device, the suction intake of the fan or the ventilation slots. Leave the lid open while charging.

Danger for children

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts (e.g. knobs or the like) from the product. They could swallow the pieces and choke! Never let children use electrical devices unattended.

Environment protection

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose of your old device with your normal household waste. Dispose of this product through an approved waste disposal firm or through your local waste facility. Comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
