

Safety instructions

Intended use

This device has been designed for listening to sound recordings. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Danger for children

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Keep the ear phones out of reach of children. They could swallow the pieces and choke! Never let children play unattended with the electrical devices.

CAUTION!

Possible hearing damage

The device can produce volume levels that may cause temporary or permanent hearing impairment. Over an extended period of time, even levels that seem to be uncritical can cause hearing damage. Decrease the volume level immediately if you experience ringing in your ears or hearing impairment.

Starting up

- Open the charging cradle and remove the ear phones. Remove the two plastic strips protecting the charging contacts during shipment.
- Place the ear phones back in the charging cradle and charge the charging cradle with the USB cable supplied for 60 minutes before using for the first time.

Battery in %	LED indicator status (2)
0 – 24 %	Blue LED flashes 1 x
25 – 49 %	Blue LED flashes 2 x
50 – 74 %	Blue LED flashes 3 x
75 – 100 %	Blue LED lights up

- Take the ear phones out of the charging cradle for use. They switch on automatically and connect to each another. Refer to "Troubleshooting" if connection is not successful.
- If both ear phones flash blue rapidly, this means they are ready to connect to each other; if "L" flashes blue and red and "R" flashes blue, this means they are connected to each other. You will find "Fun Generation Rock Buds" in the Bluetooth settings of your device and can now connect them.
- The ear phones can also be used individually in all functions.

Troubleshooting

- Take the ear phones out of the charging cradle
- Press the buttons on the ear phones for at least 6 seconds to switch them off manually.
- Then press the buttons for at least 10 seconds.

If the problem cannot be remedied, please contact us at service@thomann.de.

Technical specifications

- Bluetooth 5.0
- Bluetooth-Profile: APTX, HFP, HSP, A2DP (SBC, AAC) AVRCP
- Range: 10 m
- Charging time: 60 minutes
- Operating time at full battery charge: max. 6 hours for playing music or listening to phone calls
- Betriebszeit bei Schnellladung von 15 Minuten: max. 1,5 Std. für Musikwiedergabe oder Telefonate
- Built-in microphone

- Charging current: 5 V DC / 1 A
- Frequency range: 15 Hz ... 22 kHz
- Sensitivity at 100 Hz: 102 gB SPL / 1 mW
- 6.0 mm neodymium micro-driver
- Dimensions (W x H x D):
Ear phones: 24 mm x 22 mm x 26 mm
Charging cradle: 65 mm x 30 mm x 38 mm
- Weight:
Ear phones: each 4,5 g
Total: 40 g
- Temperature range: -10 °C ... 50 °C

Operating

The volume is controlled via the Bluetooth device. The ear phones are operated via the buttons (1).

Play music

- Press button once: Start / Pause
- Press button twice in quick succession:
