

Features

- DMX control panel | 6-channel DMX controller
- Control of spotlights and dimmers with DMX signal
- Intuitive operation
- Six storable scenes
- 6 × channel faders and one master fader to control the overall intensity and fade speed
- DMX in and output for connecting multiple panels
- Start address is set via dip switches
- Quality housing made of aluminum
- An external power supply is required for use (not included)

Technical specifications

EN

- Current input: 4-pin terminal
- DMX in and output: 3-pin terminal
- Supply voltage: 12 V – 24 V \equiv
- Dimensions W × H × D: 85 × 85 × 15,5 mm
- Weight: 230 g

Safety instructions

Intended use

This device is meant to be used for the control of spotlights and dimmers. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Dangers for children

Ensure that plastic bags, packaging, etc. are disposed of properly and are not within reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts (e.g. knobs or the like) from the unit. They could swallow the pieces and choke! Never let children unattended use electrical devices.

Hazardous voltage

Hazardous voltage may be present at cable ends and screw terminals. The connection of screw terminals as well as all maintenance and repair work on the electrical installation of the device must only be performed by qualified electrical personnel in volt-free condition. Failure to do so may result in electric shock and risk of fire and loss of life. By all means you have to observe all electrical safety instructions applicable at the place of operation.

Operating conditions

This device has been designed for indoor use only. To prevent damage, never expose the device to any liquid or moisture. Avoid direct sunlight, heavy dirt, and strong vibrations.

Protecting the environment

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose of your old device with your normal household waste. Dispose of this product through an approved waste disposal firm or through your local waste facility. Comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
