- ✓ Total weight: 16.5 kg

## Intended use

This device is used for safe positioning of Moving Heads. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

## Danger for Children

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts from the product. They could swallow the pieces and choke! Never let children use electrical devices unattended.

## CAUTION! Danger of tipping when transported under load

If the tower stand is moved without having removed the load, the tower stand may tip over and cause injuries and property damage. Remove the installed device before transporting the tower stand.

## CAUTION! Danger of tipping on unsuitable surfaces

When the tower stand is installed on soft or uneven ground, the tower stand may tip over and cause injuries and property damage. Install the tower stand only on even and solid surfaces.

## CAUTION! Danger of tipping due to overload

In case of overload, the tower stand may tip over and cause injuries and property damage. Never exceed the maximum load capacity specified for the tower stand.

## Disposal of the packaging material

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose these materials with your normal household waste, but make sure that they are fed to a recovery. Please follow the notes and markings on the packaging.
