

Measure it E

Electronic stylus balance

- 3 digit LCD display with backlight
- 4 weighing modes
- Wide capacity 0 - 5g
- Calibration weight
- Precision data readouts with low variance
- Auto calibration function
- Auto power off after 30 seconds
- Low power consumption
- Button cell batteries included

Colour options: ●

Capacity: 0 - 5g
Variance: $\pm 0,02g$
Weighting modes: gram (1g = 10mN), ounce (oz), pennyweight (dwt) and carat (ct)
Display: 3 digit LCD with backlight
Calibration: Auto calibration using a 5g weight
Auto off: 30 seconds off
Replacement battery: 2 x LR43 (AG12) button cells
Operating temperature: +10 - +30°C (50 - 86 degrees Fahrenheit)
Dimensions (W x H x D): 96 x 21 x 43mm
Weight: 49g

Stylus gauge for reliable tracking force calibration

The Measure it E Stylus Tracking Force Gauge is a highly accurate electronic balance that is designed for measuring stylus tracking forces up to 5.0 grams in 0.02 gram increments. Each Measure it E can easily be calibrated using the supplied calibration weight and by pushing a button. Whenever in doubt about the actual amount of pressure on the diamond tip the 3 digit display of this smart tool will help. Armed with precise information about tracking force, your stylus tip wear can be significantly reduced.
