Intended use
This device is designed as a lamp for use on mixers equipped with a correspondingly marked XLR connection for lamps. Any other use is considered to be improper and could result in personal injury or property damage. No liability will be assumed for damage resulting from improper use.

Child safety hazards
Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts from the product. They could swallow small parts and choke. Never let children play with the product unattended.

Eye damage caused by high light intensity
Never look directly into the light source.

Faulty device
The device must not be opened. Due to the nature of their design, the LEDs of the lamp cannot be replaced. If a device is faulty, stop using it immediately.

Environmentally friendly materials have been chosen for the packaging. These materials can be sent for normal recycling. Ensure that plastic bags, packaging, etc. are disposed of in the proper manner. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the instructions and markings on the packaging.
