- Recessed carrying handles for easy transportation
- Shock-proof metal grille and reinforced corners
- 3-Year Warranty Program\*
- Designed and engineered by BUGERA Germany

When you need really righteous bass tone, look no further than the **BUGERA BT210TS**. An ultra-compact and lightweight 1,000-Watt bass cabinet, the BT210TS comes loaded with two earth-shaking, British-engineered **TURBOSOUND** 10" speakers for massive low-end and mids – and a fully-adjustable 1" horn driver for pristine, sparkling highs. Rounded out with ultra-high quality touches, such as recessed carrying handles, integrated rollers, a shock-proof metal grille and reinforced corners, the BT210TS is one durable and impressive bass cab. Outstanding on its own, or when paired with our **BT115TS**, the BT210TS bass cabinet will shake you and your audience to the core!

## TURBOSOUND - The Sound Difference

A world-leading British designer and manufacturer of professional loudspeaker systems, **TURBOSOUND** has been building cutting-edge speakers for more than 30 years, and won the venerable Queen's Award for Innovation numerous times for their highly acclaimed loudspeaker designs. You will find **TURBOSOUND**'s distinguished products not only touring with the best-known international artists, but also in countless major venues worldwide.

Original 2 x 10" TURBOSOUND Speakers and  
Adjustable HF Driver

BUGERA is proud to incorporate world-famous, custom-engineered **TURBOSOUND** speakers into their products for the ultimate in high-quality audio reproduction. The BT210TS features two truly inspired 10" **TURBOSOUND** speakers with an impressive 1,000 Watts of total power handling, to meet all your amplification needs. Find out more about **TURBOSOUND**'s amazing legacy by visiting their extensive website.

## Great Lows – And Expansive Highs

To match the ideal amount of top-end sparkle to your more-than-ample lows and mids, the 1" HF horn driver's level is easily controllable via the high-quality rotary attenuator, located on the rear panel. Custom tailor your sound for vintage and classic tones all the way through modern, percussive styles.

## Light, Loud and Low

Lightweight speaker cabinets and amplifiers have become the biggest landscape-changer for the working bass player in recent years, and we worked diligently to perfect our newest entries into this exciting field. The BT210TS is a powerful performer with its extensive internal bracing and rear porting to provide rich and thick low-end response.

### Road-Ready

Compatible with a wide variety of modern and vintage amplifiers, the BT210TS includes ¼" and professional twist-lock speaker connectors to keep all your bases covered. Recessed carrying handles and integrated rollers make for ultimate portability and ease of transportation, while the completely shock-proof, metal grille and superbly-reinforced corner-guards ensure excellent durability and protection.

### One Cab – Every Sound

Designed and engineered by BUGERA Germany in collaboration with TURBOSOUND UK and covered by our 3-Year Warranty Program, the 1,000-Watt, ultra-compact and lightweight BT210TS bass speaker cabinet truly excels. More than powerful enough to be your one cabinet solution, while also pairing exceptionally well with our other bass cabinets, the BT210TS is in a class all its own. Audition one for yourself at your local authorized dealer.

### You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world.

As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
