

- Small diaphragm condenser microphone
- Polar pattern: Cardioid
- With wind shield and microphone holder

Caution!

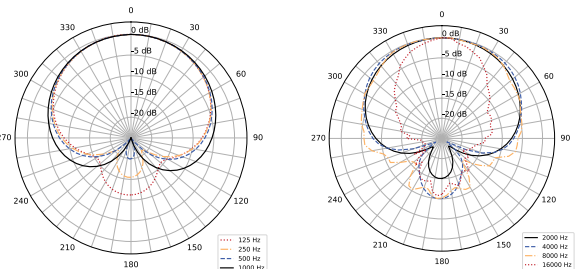

- Never remove the screen of the microphone!
This action could damage the sensitive microphone capsule.
- Prevent the microphone from falling down, as this can cause serious damage!
- After every use, remove the microphone from the holder and place it in its transport packaging.
- Use only a slightly moist cloth for cleaning.

Technical specifications

- Connection/power supply
- Transducer principle
- Polar pattern
- Sensitivity @1 kHz [mVrms/Pa]
- Sensitivity @1 kHz [dBV/Pa]
- Equivalent input noise [dBSPL]
- Signal-to-noise ratio @1 kHz, 94 dBSPL [dB]
- Sound pressure level [dB SPL @1 % THD]
- Impedance [Ohm @1 kHz]
- Frequency range [0,1 m -10 dB]
- Dimensions (Ø × H)
- Weight
- Ambient conditions

Intended use

This device is designed to convert electrical signals into acoustic signals in the immediate vicinity of the ear. Any other use is considered to be improper and could result in personal injury or property damage. No liability will be assumed for damage resulting from improper use.

Risk of injury and choking hazard for children

Children can suffocate on packaging material and small parts. Children can injure themselves when handling the device. Never allow children to play with the packaging material and the device. Always store packaging material out of the reach of babies and small children. Always dispose of packaging material properly when it is not in use. Never allow children to use the device without supervision.

Environmentally friendly materials have been chosen for the packaging. These materials can be sent for normal recycling. Ensure that plastic bags, packaging, etc. are disposed of in the proper manner. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the instructions and markings on the packaging.

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) as amended. Do not dispose of your old device with your normal household waste. Dispose of the product through an approved waste disposal firm or through your local waste management facility. When disposing of the device, comply with the rules and regulations that apply in your country. If in doubt, consult your local waste management facility.
