The product is intended for height-adjustable installation of monitors. Any other use is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Ensure that plastic bags, packaging, etc. are disposed of properly and are not within reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts from the product. They could swallow the pieces and choke!

If placed on soft or uneven ground, the product may tip over and cause injuries and property damage. Install the product only on even and solid surfaces.

If the product is moved without having removed the monitor, the product may tip over and cause injuries and property damage. Remove the installed monitor before transporting the product.

In case of overload, the product may tip over and cause injuries and property damage. Never exceed the maximum load capacity specified for the product.

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.
