- Care instructions:      Washing or dry-cleaning require examination.
- Storage:                  Store the gloves in a clean and dry place.
- Service life:              The service life depends on the degree of wear and the scale of use in the different applications.
- Disposal:                  Damaged and/or not any more used gloves can be disposed of in the household waste. Gloves which are contaminated with substances not to be disposed of in the household waste, must be disposed of in accordance with local regulations.

Ensure that plastic bags, packaging, etc. are disposed of properly and are not within reach of babies and young children. Choking hazard!

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.
