HD 880 - Closed headphones

EN

The affordable allround solution

All those who firmly believe that quality always has to come at a high price will be pleasantly surprised by the HD-880. The neodynium-magnet ensures a very light weight, and the headphones offer a balanced and sophisticated sound as well as a comfortable fit. Whether it's for use at your home-studio or a longer 'listening session', the HD-880 will leave you more than satisfied.
