

GE Lighting

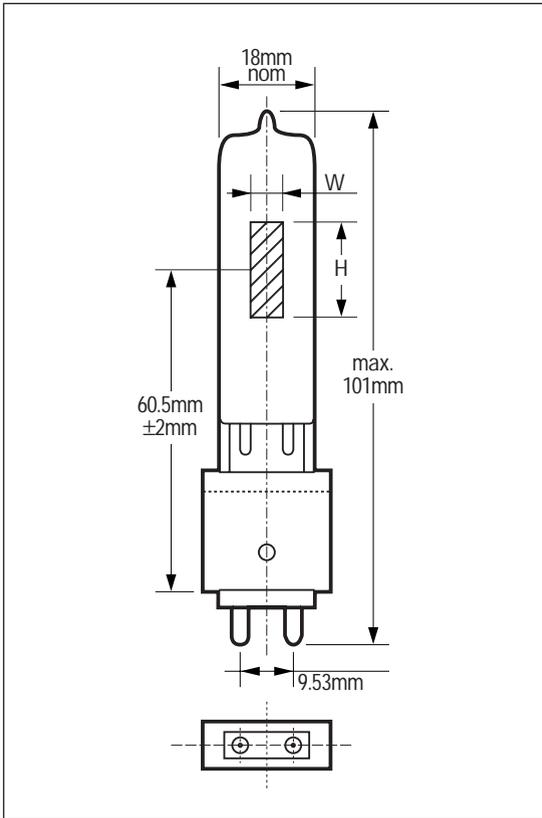

GKV/LL (GKV Long Life)

Applications and Benefits

GE Lighting's GKV/LL lamp is an extended life version of the halogen high performance GKV lamp and is designed for use in entertainment and architectural lighting applications.

The compact design of the lamp enables it to be used with a number of commercial lamp fixtures.

The biplane filament structure has been designed to give excellent vibration and shock resistance. The 1500 hour rated life of the GKV/LL lamp is particularly well suited for architectural applications where lamps are operated for extended periods.

Watts	Volts	Initial Lumens	Filament Type	Filament Dimension H x W mm	Rated Median Life Hours	Burning Position	Cap	Service	Pack Quantity	Product Description	GE Product Code
