

SONATA Series

ECO-88S Dynamic Microphone

2006 Limited Edition

Description

The ECO-88S is a quality dynamic microphone whose elegant appearance belies its sturdy construction. Its extended frequency response and high sensitivity make it an ideal candidate for use in commercial karaoke clubs, for miking lectures and speeches and for general audio reinforcement.

The SONATA ECO-88S is being offered in a limited edition in 2006. This production run will be limited to 20,000 and each ECO-88S will have its own serial number engraved on the body of the microphone.

To meet the demands of use in different applications, other accessories or cables are available from our company.

Features

- Hardened steel mesh grille.
- Nd magnet capsule with high output.
- On/Off switch controlled by a steel ball.
- Extended frequency response.
- Die cast zinc alloy body.
- In accord with WEEE and RoHS requirements.
- Two years of warranty.
