Martin M-Touch

Martin M-Touch is a powerful yet simple control surface for the Martin M-Series controllers, the most affordable professional lighting solutions on the market. Fully compatible with all M-Series consoles and M-PC software, Martin M-Touch is a Plug-&-Play solution with an innovative control surface like no other lighting console.

14 FSR faders allow control of playbacks and fixture parameters while 20 velocity controlled pads allow for new types of effects. Additional programming buttons such as Record, Edit, Update, Load and Clear are accessible directly from the M-Touch control panel. Martin M-Touch comes with one DMX 512 Universe for direct control of any compatible DMX device.

- Truly affordable console surface for both smaller applications and professional use
- Rugged aluminum design for durability
- The most powerful controller of its class with full 512 DMX channels, expandable to 65,000 channels
